# Donald Trump wins 2024 presidential election, defying the odds again

It seems like those on the dark side had all the levers of power and it would be a daunting task to stand against them. They would do anything to hold on to the power they had.

I am very proud of the People of our country who were not afraid to cast their vote for the leaders who would fight to deliver our beloved country from those who were trying to destroy it. They didn't believe their many lies!

It was like they took a page out of the Declaration of Independence which give the People the way to set our country back onto the right course.

## Declaration of Independence

- “Governments are instituted among men, deriving their just powers from the consent of the governed.”
- “That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government...”

“...that this nation, under God,  
shall have a new birth of  
freedom – and that government  
**OF THE PEOPLE, BY THE PEOPLE,**  
**FOR THE PEOPLE,** shall not  
perish from the earth.”

Abraham Lincoln, Gettysburg Address, Pennsylvania, November 19, 1863

The Bible talks about a one world government that will force its will over all the earth. America was moving very rapidly into that nightmare until President Trump won the election. At best, it will delay what the Bible prophesies about the future.

This means that we need to be very zealous about giving the gospel to those who will listen and to work hard to be good and faithful servants to our Lord Jesus Christ.

The progressive Democrats have already demonstrated that they will continue to push their wicked agenda and lies because many of their leaders are influenced by demons.

We should be very glad that President Trump is a **nationalist**, not an **internationalist** (which is **Globalism**). Notice that the name of his movement is *not* “**Make the World Great Again**”, but “**Make America Great Again.**”

He isn't interested in the world; he is interested in making America great again. When the Global elites try to force us to do something that is contrary to our Constitution, he ignores them and does what is best for our country.

Excellencies,

We write to express our grave concern about the unprecedented and escalating levels of violence and violations of international law, including international humanitarian law and human rights law, in the Gaza Strip, as well as in the rest of the Occupied Palestinian Territory (OPT), including East Jerusalem, in Lebanon and elsewhere in the Middle East region.

The staggering toll of civilian casualties, the majority of them children and women, due to ongoing breaches of international law by Israel, the occupying Power, for more than a year now is unconscionable and intolerable. We must act urgently to halt the extreme human suffering and regional destabilization that risks the outbreak of an all-out war in the region. Immediate steps must be taken by all States to uphold international law, including international humanitarian and human rights law. The protection of civilians, an immediate and permanent ceasefire, and the preservation of international peace and security are of utmost urgency.

We therefore make this collective call for immediate steps to be taken to halt the provision or transfer of arms, munitions and related equipment to Israel, the occupying Power, in all cases where there are reasonable grounds to suspect that they may be used in the Occupied Palestinian Territory, including East Jerusalem, as stipulated in General Assembly resolution ES-10/24 of 18 September 2024.

Such immediate steps are imperative to bring an end to Israel's illegal occupation and deter further violations against civilians in the Gaza Strip and the rest of the Occupied Palestinian Territory, as well as in Lebanon, and prevent further regional escalation.

Decisive actions are urgently needed to stop this dangerous trajectory, to end impunity and to ensure accountability for all violations, in line with obligations under international law, including the Charter of the United Nations, the Fourth Geneva Convention and other relevant treaties, as well as all relevant UN resolutions and International Court of Justice rulings, including its advisory opinions and binding provisional measures and orders.

We also recall the Secretary-General's invocation of Article 99 of the UN Charter warning, *inter alia*, of the "potentially irreversible implications for Palestinians as a whole and for peace and security in the region" caused by this appalling situation and appealing to the Security Council to declare an immediate ceasefire to avert this catastrophe.

We renew our calls on the Security Council to uphold its duty in accordance with the Charter to maintain international peace and security. The Council must act to implement its resolutions, which are being flagrantly violated. This must include concrete measures to protect civilians and ensure accountability, including a clear demand for the halt of arms transfers to Israel, the occupying Power.

This is a legal, humanitarian and moral imperative to put an end to the grave human suffering, implement a comprehensive ceasefire, deter future violations, salvage the prospects for a just, lasting and peaceful solution in line with international law and relevant UN resolutions and halt this threat to international peace and security. We urge all necessary steps to be taken without delay to this end.

We would be grateful if the present letter could be brought to the immediate attention of the Members of the Security Council, and also circulated as an official document of the General Assembly and Security Council.

Please accept, Excellencies, the assurances of our highest consideration.

## **U N R W A   United Nations Relief & Workers Agency**

Originally this was an arm of the UN that was a humanitarian agency that would go around the world and help take care of the needs of people.

But now it is staffed with Muslims that are sympathetic to Hamas and are antisemitic to Israel. Israel says they are no longer doing humanitarian work but are aiding Hamas in carrying out the war.
